

BAYOU CLUB SPRING CLEANING!

Dear Resident,

We wanted to report that we are in the process of getting proposals to have the front entrance sign cleaned and painted, along with adding new landscaping and lighting. We will also have the front and back gatehouses cleaned up to get everything looking good again. This will include power washing the pavers, sidewalks, walls and windows. We also have some repairs, painting and some items to be replaced that will be scheduled as well.

With that said, please take a few minutes over the weekend to take a good look at your own property and see what you can do to spruce it up. By inspecting and correcting the very obvious problems in the appearance of your home, you can help to make the Bayou Club a more attractive community for all residents while increasing your home value.

The Architectural Control Committee, along with myself, will be starting home inspections on April 10th. You won't miss us because we will be wearing bright yellow vests and Bayou Club name badges!

We will be primarily looking at dirty driveways, mailboxes, roofs & sidewalks along with any landscaping needs such as mulch, sod, or weed control.

Please read our community update at bayouclubcommunity.com/community-update for more information.

Thank you in advance for helping to keep the Bayou Club Community beautiful!
